

The official recording is in the key of Eb. Therefore, to 'play along' with that, you will need to put a capo on the first fret and play the chord shapes indicated below. If not playing along to the original recording, no capo is necessary! Just play it in the key of D!

## DEEP LOVE, DEEP COVE (Bowman/Baglo/Meiklejohn)

VERSE 1:

**D** Right next door to **Bm** heaven, where the ocean meets the sky **Em**  
A place where city life slows down, and troubles pass us by **Asus A**  
There's pretty gardens bloomin' bright, and trails that wind thru trees **Asus A**  
Deep Cove is where we find our peace, it's where I long to be **Asus A**

CHORUS:

**D** Celebrate the island spirit - hear it in our song **A Bm A G**  
It's a deep love, Deep Cove **G G D D**  
So come on, beat the drum **Em Asus A**  
Shine a light on what we have - and all that we have done **D A Bm A G**  
It's a deep love, Deep Cove **G G D D**  
Where our hearts beat together... as one. **Em Asus A D**

VERSE 2:

**D** Sometimes life takes you away - like a bridge to a favourite song **Bm Em Asus A**  
But wherever I go, when I return, it feels like I belong **D A Em Asus A**  
It's got an island melody, one that everybody knows **D Bm Em Asus A**  
When I come back to Deep Cove, I know I've come back home **D A Em Asus A**

CHORUS

VERSE 3:

**D** Now with every sunset nature paints, a sky of pink and gold **Bm Em Asus A**  
We're reminded of the beauty, this legacy we hold **D A Em Asus A**  
And that's why I love livin' here, I just can't help smilin' **D Bm Em Asus A**  
When I'm back home in Deep Cove, Vancouver Island **D A Em Asus A**

CHORUS
